Requirements ranked according to Technique B

Instructions:
The requirements listed below are ordered according to decreasing importance by a requirements prioritization technique B.
Your task is to finalize the prioritization of these requirements by taking into account the user feedback messages provided to you (in a separate spreadsheet document). After reading the user feedback messages and the requirements, you should make a decision about the priorities of the requirements in such a way that reflects what you understood regarding the importance of the given requirements. For each requirements, if the priority you inferred by reading the feedback messages does not correspond with its priority suggested in this list, indicate the priority you believe it should have by selecting the appropriate option from those given. If you believe the current priority is correct, confirm it by selecting it from the options.

Optionally, for each requirement, list the ID(s) of the feedback(s) that you believe are relevant for deciding on the priority of the requirement.

Please record the time when you start and finish your assigned task using the fields provided in this form.
* Required

1. Start time *

Example: 8:30 AM

2. Finish time *

Example: 8:30 AM

3. 1 - The system shall allow the user to calculate additional meters related to water and electricity consumption. *

Mark only one oval.

	1	2	3	4	5	6	7	
Most important	◯	◯	◯	◯	◯	◯	◯	Least important

4. Relevant feedback(s)

5. 2 - The system shall allow the user to visualize data about his/her energy consumption core. *

Mark only one oval.

	1	2	3	4	5	6	7	
Most important	◯	◯	◯	◯	◯	◯	◯	Least important

6. Relevant feedback(s)

7. 3 - The system shall maintain and present the timeline of inhabitants in a household. *

Mark only one oval.

	1	2	3	4	5	6	7	
Most important	◯	◯	◯	◯	◯	◯	◯	Least important

8. Relevant feedback(s)

9. 4 - The system shall contain a typical consumptions heating section. *

Mark only one oval.

	1	2	3	4	5	6	7	
Most important	◯	◯	◯	◯	◯	◯	◯	Least important

10. Relevant feedback(s)

11. 5 - The system shall allow to perform the calculation of the electric vehicles consumptions. *

Mark only one oval.

	1	2	3	4	5	6	7	
Most important	◯	◯	◯	◯	◯	◯	◯	Least important

12. Relevant feedback(s)

13. 6 - The system shall contain a typical consumptions electricity section. *

Mark only one oval.

	1	2	3	4	5	6	7	
Most important	◯	◯	◯	◯	◯	◯	◯	Least important

14. Relevant feedback(s)

15. 7 - The system shall contain a typical consumptions mobility section. *

Mark only one oval.

	1	2	3	4	5	6	7	
Most important	◯	◯	◯	◯	◯	◯	◯	Least important

16. Relevant feedback(s)
