Requirements ranked according to Technique A

Instructions:
The requirements listed below are ordered according to decreasing importance by a requirements prioritization technique A.
Your task is to finalize the prioritization of these requirements by taking into account the user feedback messages provided to you (in a separate spreadsheet document). After reading the user feedback messages and the requirements, you should make a decision about the priorities of the requirements in such a way that reflects what you understood regarding the importance of the given requirements. For each requirements, if the priority you inferred by reading the feedback messages does not correspond with its priority suggested in this list, indicate the priority you believe it should have by selecting the appropriate option from those given. If you believe the current priority is correct, confirm it by selecting it from the options.

Optionally, for each requirement, list the ID(s) of the feedback(s) that you believe are relevant for deciding on the priority of the requirement.

Please record the time when you start and finish your assigned task using the fields provided in this form.
* Required

1. Start time *

_____

Example: 8:30 AM

2. Finish time *

_____

Example: 8:30 AM

3. 1 - The system shall contain a typical consumptions climatization section. *

Mark only one oval.

	1	2	3	4	5	6	7	
Most important	○	○	○	○	○	○	○	Least important

4. Relevant feedback(s)

_____

5. 2 - The system shall allow to specify the characteristics of the electric vehicles owned by the user. *

Mark only one oval.

	1	2	3	4	5	6	7	
Most important	○	○	○	○	○	○	○	Least important

6. Relevant feedback(s)

_____

7. 3 - The system shall allow a user to configure her personal data. *

Mark only one oval.

	1	2	3	4	5	6	7	
Most important	○	○	○	○	○	○	○	Least important

8. Relevant feedback(s)

_____

9. 4 - The system shall allow a user to configure costs of each type of energy consumption. *

Mark only one oval.

	1	2	3	4	5	6	7	
Most important	○	○	○	○	○	○	○	Least important

10. Relevant feedback(s)

_____

11. 5 - The system shall allow a user to compare different energy consumption. *

Mark only one oval.

	1	2	3	4	5	6	7	
Most important	◯	◯	◯	◯	◯	◯	◯	Least important

12. Relevant feedback(s)

_____

13. 6 - The system shall allow to visualize the characteristics of the electric vehicles owned by the user. *

Mark only one oval.

	1	2	3	4	5	6	7	
Most important	◯	◯	◯	◯	◯	◯	◯	Least important

14. Relevant feedback(s)

_____

15. 7 - The system shall contain a typical consumptions photovoltaic section. *

Mark only one oval.

	1	2	3	4	5	6	7	
Most important	◯	◯	◯	◯	◯	◯	◯	Least important

16. Relevant feedback(s)

_____
